

## Discounted rates for all U3A members

1car1, the UK's largest British owned independent Vehicle Rental Company is delighted to announce a very special rate for U3A members

With preferential rates in place starting at £99.00 per week and free delivery throughout the UK, 1car1 looks forward to a long and productive relationship within all u3a regions.

1car1 prides itself on being able to offer, genuinely, low-cost vehicle rental to all sectors of the UK rental market.

From the very start, having a totally transparent approach to renting vehicles brings with it peace of mind and the belief that 1car1 were to have no hidden extras, exceeded all expectations.

The tripling of the network of branches and fleet over the past 5 years has not been the result of pricey advertising campaigns, which would increase the price you pay, but simply our ability to deliver the right car, to the right place, at the right time, at the right price.

Members can enjoy discounts of up to 25% on some vehicles, but also a free additional driver saving £5 per day and free one way charges when needed, saving up to £55.00.

This means members can hire a car for 7 days for £99.00, with 2 insured drivers and drop of any location. Which normally would cost up to £184.00.

With central reservations and administration based in Leeds, backed by offices in New York and Sydney providing 24-hour support to the entire operation we can ensure that service & price remain our highest priorities.

Established in 1988 and now with a UK network of 95 branches nationwide employing 600 staff, this British success story has a passion for offering vehicle rental at affordable prices without the hidden extra's.

Our philosophy is simple.. Concentrate on supplying a service, based on price, product and availability, providing vehicle rental to the public and private sector, UK residents and visitors alike.
